For Immediate release:

The National Education Center for Agricultural Safety (NECAS) has received a 2011 Dubuque Racing Association grant to support our Farm First Aid Kit project. NECAS has modified and recently updated a standard first aid kit to meet the needs of farming injuries. To date, over 9000 kits have been sold. The DRA has a history of giving; awarding over \$30 million to charitable organizations like the National Education Center for Agricultural Safety. Since 1996, NECAS has received over \$94,000 to fund safety-training programs, create marketing materials, and purchase valuable rescue tools and other safety equipment. NECAS is grateful to Mystique and the Dubuque Racing Association for its continued support of our efforts to make the community a better and safer place to live, work and play.
